# EXPERIENCE

## Marketing Manager | SpatialKey

February 2016 - February 2018

- Increased website traffic and lead conversion rates by re-designing and building the website based on user data and testing, in addition to launching landing pages to improve the user experience and conversion process.
- Grew new business revenue from \$0 to \$300K+ for marketing generated leads in 2017 by developing lead generation and nurturing programs.
- Enhanced the lead nurturing program by designing company one-pagers, e-books, emails and more to use within those programs.

## Partner Marketing Manager | Level 3 Communications

April 2015 - February 2016

- Increased the number of leads generated through events by managing creative teams on the development of branded one-pagers, brochures, presentations, landing pages, and swag used at events.

## Senior Marketing Associate | Datalogix

May 2012 - April 2015

- Project managed the design, development, and execution of the company rebrand and all marketing collateral for the UK Sales Team, Human Resources Team, and Corporate Communications initiatives.
